

## **Outreach, Community & Mission - Our adopt a station team**

Our small enthusiastic team of volunteers who are registered under ' Scotrail - Adopt a Station ' met in May renewing bedding plants for the benefit of Corkerhill and Mosspark travellers.

Every year, June is recognised as Volunteer week and opportunity is given for those in the scheme to visit other stations. This year Brian Innes and Susan Graham ( previously our Outreach worker ) visited Dumfries Station and met with a large team of friendly volunteers. We were given a background talk and tour of the garden on both sides of platform.

Dumfries Station volunteers meet weekly and their gardens are recommended to visit. There is also a Café and Heritage centre on the platform.

The next task for our group is tidying, weeding, planting bulbs and maybe some autumn and winter plants such as pansies, donations are welcome.

If interested in helping please email or chat with Ruth Sills [rsills1550@gmail.com](mailto:rsills1550@gmail.com) for information on registering as a volunteer, it would be great to grow our group just like our plants!

Thanks  
Ruth Sills
