

Union between Sherbrooke Mosspark and Ibrox Parish Church

The steering group has been meeting on a regular basis with a view to effecting the union by 2027 as had been previously indicated by Presbytery. However, at the February Presbytery meeting, the implementation group communicated that the union will be effected by early 2026 to meet the national timelines. This has the further consequence that Tara's tenure will be recalled by the end of this calendar year. We are committed to open and frank communication and utter transparency with our congregations as we travel these shifting sands. However, there are some personal elements of this particularly in relation to Tara's future that will remain confidential until such a time as it can be shared publicly. During this season of transition and change, please hold all involved in your prayers. –

Rev Adam Dillon and Rev Tara Granados
