

COVID-19
CORONAVIRUS

**SHERBROOK
MOSSPARK
HEALTH & SAFETY**

Covid Health & Safety Framework update: following the meeting of the Covid sub-committee on 27th September, various changes have been made to our health and safety framework with effect from Sunday 3rd October. Further details can be found on the Church website; the key aspects are:

- **Masks:** to be worn inside the sanctuary (throughout the service) and in the hall while moving around
- **Singing:** please stand and sing with your masks on for all hymns if you wish.
- **Seating:** a return of the church pews with no allocation of seating; prebooking of seats to remain.
- **Movement between Sanctuary and Halls:** either through the side door or double doors next to the organ. Please take your time and keep your distance.
- **Tea and Coffee:** we've taken every precaution to keep us all safe which means wearing a mask when not seated, sanitising, sitting at tables and individually wrapped biscuits.
- Please bring your own cup if you would prefer although recyclable disposables will be used. It's not yet back to normal, but the benefits of meeting up and chatting is worth the effort we think.
